

## Athletic Scheduler Pro 2022 Logistics Calculator

The Logistics Calculator calculates Dismissal Time from class, Bus Arrival Time, Departure Time, Return Time, Dress Location, Pre Game Meal, and Post Game Meal for both Home and Away contests. You can calculate the logistics for just the selected contests or for the whole found set. You can run the calculator as many times as you wish, adjusting the logistic times for a team in between, until you get your desired results.

In order to help you enter the logistic times for each team, there is a Default Team Values tab on the School>Logistic Values tab in the Backroom. The purpose for this is to give you a way to set the logistic times for all teams to a set of values. After entering the values you want, click on the "Set Defaults" button to set the logistic times of every team to the default values. There is a brief explanation for each time in the panel below. You should also set your Pre and Post Game Meal terminology and preferences here.

Home Travel Time: 6:00 = Never @ Opp, 0:00 = Always @ Home	Home Dress @: 0:00	Pre Game Made Meal Length: 0:00	Post Game Made Meal Length: 0:30	Restaurant Meal Length: 30	Total Count: 0:00	Location Practice: <input checked="" type="radio"/> On Site <input type="radio"/> Off Site

Dismissal Length: Length of time between getting out of class and getting to bus. If team is dressing at home, dress will be added to dismissal length to calculate Dismissal Time from class.

Bus Lead Time: Length of time between bus arrival and departure

Warm-Up Time: Length of time on the field or court to warm up and prepare for the game

Max Travel Time: Maximum travel time to an opponent and still dress at Home - If this team always dresses at home, enter something big like 6:00.

Contest Length: Length of time it takes for this team to play a typical game

Dressing Time: Length of time it takes this team for changing from street clothes to uniform.

Shower Time: Length of time it takes this team to shower and get on the bus after the game.

Home Travel Time: Length of time it takes this team to travel to its home site. Ex: Golf @ CC that is 30 minutes away

Home Dress @: Where this team dresses for Home contests: @ Home or @ Site (if at off campus site)

Rollover Flip Home Away: Whether or not to flip Home and Away when rolling the schedule over to the next year.

Pre-game Meal Pref: Length of Time to allot to eat regular or early lunch

Post-game Meal Pref: Length of Time to allot to eat Dinner after contest with parents, etc.

Pre/Post Meal Lengths: Length of time it takes for this team to eat an early lunch or late dinner

Bag Lunch/Box Dinner Length: Length of time it takes for this team to stop and eat bag/box meals. If the team doesn't stop enter 0:00

Restaurant Meal Length: Length of time it takes for this team to stop and eat at a Restaurant (such as McDonald's)

Now you can adjust those logistic times specifically for each team in the Backroom. Going to the Backroom, you can either edit these times on the Logistics Data List or the Team Detail tab. You can also edit these times in the footer of the Contest layout.
