

## Athletic Scheduler Pro 2022 Scroll Controls

Scroll controls help you navigate the Contest records by scrolling to the first, last, previous page, next page, or to a selected date. Also, scrolling up or down one record at a time is fairly quick. Do this by using the Control Arrow Up or Control Arrow Down key combination. The Page Up and Page Down buttons accomplish the same action as clicking in the vertical scroll bar on the right side of the window.

The screenshot shows the Athletic Scheduler Pro 2022 interface for Phillips Exeter Academy. The main window displays a table of athletic contests for Spring 2022. Annotations highlight several key features:

- Navigation Menu Pop-up:** A red box highlights the 'Navigation Menu' at the top of the contest list.
- Scroll Controls:** A red box highlights the 'Go To Date' and navigation buttons (First, Last, Page Up, Page Down) on the left side of the table.
- Vertical Scroll Bar:** A red arrow points to the vertical scroll bar on the right side of the table, with the text 'Page Up, Page Down' below it.
- Footer Pop-up:** A red box highlights the footer information at the bottom of the window.

In addition, in order to speed up scrolling, the Navigation Menu and the Footer Information have been put in pop-ups so that Filemaker is not recalculating those fields and script buttons every time the you scroll. This also allows for more contest records to be viewed on each page. While this is a little less convenient than have the Navigation Menu and Footer Information constantly visible, the trade off may be worthwhile.
