On the Contest layouts, the Flex Find has been enhanced to allow you to drill down a little finer. As before, you could find contests using the following criteria: Home/Away, Season, Date Range, Opponent, Sport, & Team. In order to make more room on the Flex Find pop-up I have changed the team names to team abbreviations and have grouped them by season. I have also added the days of the week so that you can find all Wednesday contests between 9/1/2023 and 10/1/2023, for example.

You can also include practices in your find by clicking on the Include Practice Yes field. This will find both practices and contests. If you only want practices go to the Practices layout by clicking on Practices in the Contest Navigation menu.

All you need to do is select your criteria and click on the Find button.
